CORRIMAL business Cleverlink is offering five practical e-business seminars and workshops designed to help small business succeed online. *30/7/10*

The IT firm recently hosted an AusIndustry-funded seminar at the Boat Harbour Hotel on online identity and how to get multiple domain names and social network sites to work for a business.

A workshop next Wednesday at Pioneer Sands Quality Suites at Towradgi focuses on how to get top search engine positions by optimising key words.

It will be run by Libby Malcolm, who has 17 years' experience as an interactive marketing and online strategist.
